Due: 11/30/20

If getting feedback around 12/1/20 is going to be too late for your purposes, feel free to EMAIL me your document before the due date! (If you submit via the form, I won't see it until 12/1.)

This assignment is all about your team's own unique needs, so this is entirely freeform. It should probably cover:

- The question or questions on which you're seeking input.
